It Pays to Promote!

This year as a special incentive to get new members onboard, Dad Minshall has created a new incentive for all our DeMolay chapters. If you are a first line signer of a petition for a young man between May 10 and Conclave, you will get a \$10 discount on your registration for conclave (just think, if you bring a busload of candidates, you chapter could go for free!!).

Graduating, and going on to greater things

This month saw a number of our members take the next step toward manhood- graduating from High School. Here is a (small) list of who I have so far:

Corbin Johns – Siloam Chapter- graduates with distinction and earns title of Mr. Pirateer from Putnam City High School. Will be attending OU.

Steele Wilson – Siloam Chapter – graduates with honors from Putnam City High School. Will be attending OU.

Josh Richardson- Del City Chapter - graduating from Del City High School. Will be attending OSU.

Steven Paul- graduating from Del City High School. Plans unknown.

Congratulations to all these young men, and we all wish you the best in your future endeavors... don't forget DeMolay!

Help Needed Down the Road

The Eastern Star need some "DeMolay muscle" later this year. They have their Grand Assembly the 14th -17th of October. They need help getting gear set up for Thursday, the 11th at the Guthrie Scottish Rite Temple (yes, I know this is a school day, but can't be helped !) They also need help with teardown on Wednesday, the 17th of October.

Creek District conducts outdoor degrees

The Creek District "bubbas" tried to re-ignite an old tradition of an early summer outdoor campout at Adkar Shrine Park at Keystone Lake this past month. Stillwater and Owasso Chapters were there (not sure about others) and they all had a good time. The night-time degree by tiki torch is something to see.

Pictures from May ... (a great big **THANK YOU!** to Mom Epperly for providing some of our photos)

This food untouched by human hands...

They actually took time out from eating to talk a little bit... good spaghetti !!!

DeMolay School of Instruction participants soaking it all in.

Uh, what are they doing ??
